

Marshallton, Dela.

August 21, 1940

Dear Mr. Manley:-

I'm writing you in reference to a letter which I rec'd from William Yancey. He wrote me concerning some good ball players from Panama, and asked me to get in touch with some good club and see if they could use them, and I thought of you, thinking it a good plan to give you first choice. From what he says, they are very good material and would be a great help to any club. Since your club is in need of new talent I think the addition of these boys, recommended by Yancey would be worth your while, to get in touch with them for next season. He, (Billy) speaks of one boy in particular, Paige a pitcher 6 ft. 3 in. whom he compares with Satchel Paige if given the ^{right} encouragement and opportunity.

If you are interested at all in what I've just written write either Billy

or I a line, and I'm sure you can get
further information. If you think you will
not be interested will you kindly send me
Pompey address. If you should be play-
ing in Chester any time soon, drop down
and see me and we'll talk things over.
The following is Billy's address:-

W. J. Yancey
Red Tank Club House
Pedro Miguel
Canal Zone

Very truly yours
Judy
